Police Department - Overview

The Colorado Springs Police Department (CSPD) provides police services in partnership with the community to promote the safety and welfare of our residents. Police services span a large continuum, from answering residents' calls for service to solving crimes. Police services also include other critical components, such as community and media outreach, victim services, traffic safety and enforcement, crime prevention, tactical operations, and crime lab services.

To achieve this mission, the CSPD collaborates extensively with local, state, and federal partners including the military, multiple communities, and other public sectors. Numerous relationships are essential to gathering community input on police services and engaging the community as partners in solving issues.

The CSPD is comprised of four components: The Office of the Chief of Police; the Patrol Operations Bureau; the Investigative and Special Operations Bureau; and the Operations Support Bureau.

The Office of the Chief of Police provides leadership and strategic direction for the Police Department. Here CSPD's commitment to providing the community with access to timely, accurate information is met; the Department's goals, objectives, and priorities are developed in accordance with best practices; and human and fiscal resources are properly managed.

<u>The Patrol Operations Bureau</u> consists of the Gold Hill Division, Falcon Division, Sand Creek Division, and Stetson Hills Division.

Patrol Divisions respond to calls for service, conduct criminal investigations, provide traffic and DUI enforcement, investigate traffic crashes, and engage in problem-solving efforts in collaboration with the community and our schools. Patrol officers are also involved in providing safety assessments and public awareness presentations. In addition, specially trained, non-sworn Community Service Officers assigned to each patrol division perform a variety of duties that have traditionally been handled by police officers.

The Investigative and Special Operations Bureau

The *Investigations Division* comprises five sections: the Special Victims, Violent Crimes, Technical Investigations, Metro Crime Lab, and the Victim Advocacy Unit. The investigative sections conduct investigations based on the specialized expertise needed for the type of crime being investigated. The Special Victims Section is responsible for investigating serious or sensitive offenses involving children, violent crimes involving at-risk adults, felony sexual assaults, and felony crimes associated with domestic violence. The Violent Crimes Section investigates homicides, suspicious deaths, and kidnappings. In addition, the Violent Crimes Section also includes the Violent Offender Fugitive Task Force, which is responsible for apprehending prolific and violent offenders. The Technical Investigations Section conducts forensic and technical analysis of digital media and devices, investigates financial crimes, and investigates and combats the exploitation of children on the Internet. The Metro Crime Lab's responsibilities and goals include providing impartial and professional collection, documentation, evaluation, and analysis of various physical evidence. The Victim Advocacy Unit provides resources and support to all reported victims of crimes covered by the Victim Rights Act.

The **Specialized Enforcement Division** consists of three sections. The Tactical Operations Section provides tactical, canine, drone, and explosive ordnance disposal responses to calls for service. The Protective Security Section is tasked with providing security services for the Mayor, numerous municipal facilities, special events, and works as part of the Pikes Peak Regional Office of Emergency Management to coordinate police response and resources during critical events.

Police Department - Overview (cont'd)

The Patrol Support Section provides traffic safety and enforcement, investigates major traffic crashes, and provides VIP escort services for dignitaries visiting our community.

The *Metro Division* works to reduce violent crime and positively impact public safety through the proactive investigation of human trafficking, vice crimes, gun crimes, motor vehicle theft, robbery, serious assault, pattern property crimes, and illegal narcotics possession, manufacturing, and distribution. The Metro Division is also responsible for enforcement and compliance of laws and regulations affecting marijuana and liquor throughout the 4th Judicial District. The units within Metro are comprised of detectives from the Colorado Springs, Monument, and Fountain Police Departments, as well as from the El Paso County Sheriff's Office. They work closely with state and federal investigative agencies to increase public safety through threat assessments, information sharing, and criminal enforcement.

Metro's mission is augmented by the Crime Analysis Unit that oversees data and analytical processes related to law enforcement. The Crime Analysis Unit works in active collaboration with the Intelligence Unit and the department's many investigative teams to facilitate Intelligence-Led Policing within CSPD.

The Metro Division also houses the Real Time Crime Center (RTCC). The mission of the RTCC is to provide CSPD officers and detectives support and operational intelligence through rapid deployment of a wide range of technologies and investigative resources.

The Operations Support Bureau

The *Professional Standards Division* is comprised of the Public Affairs Section, Internal Affairs Section, and the Evidence & Impound Section. The Public Affairs Section is responsible for the Department's continuous connection to the community through the Public Information Office (PIO) and the Community Relations Unit and Recruiting. Internal Affairs is responsible for investigating complaints of misconduct of CSPD employees, and the Evidence & Impound Section is responsible for maintaining the integrity of evidence, vehicles, and property collected by officers or received as found property. The Professional Standards Division is also responsible for special projects assigned by the Chief of Police.

The *Communications Center* is responsible for answering 911 and non-emergency calls and for dispatching police, fire and/or medical services within the City of Colorado Springs. Through the knowledge, procedures, and skills of the trained communications personnel, pre-arrival instructions are given to callers while responders are en route.

The *Management Services Division* is a support division responsible for a variety of functions. The Logistics Section is responsible for the security and maintenance of all police facilities, management of the department's fleet and quartermaster needs, inter-departmental mail delivery, and capital project management. The CSPD Information Technology Section administers and provides user support for law enforcement systems, interfaces, and software to include the department's body worn camera program. The Records Section processes, stores, and releases police reports, facilitates sex offender registrations, and processes persons booked into the El Paso Sheriff's Office Criminal Justice Center.

The *Training Division* conducts recruit training classes, provides annual in-service and firearms training for incumbent officers, and assists with a selection of training for non-sworn employees. The Training Division also provides professional development for career engagement and advancement, and ensures CSPD employees have the resources necessary to maintain strong mental health through a variety of psychological service providers and a well-established peer support program.
